

JULY IN THE IOI

Coming back overseas to the Indian Ocean islands we had the privilege to spend time in three of the islands. Mauritius and Réunion with the Missouri Youth on Missions team as well as settling back in our new home in Madagascar!

Jared & Tiffany Richardson
Madagascar/Indian Ocean Islands

We arrived in Madagascar just in time for Youth Conference and what a blessing. The youth of Madagascar are hungry for God and we are honored to share this time in his presence with them. During the conference, 138 received the Holy Ghost and 24 were baptized!

Missouri Youth on Missions (MOYOM) was hosted this year in Mauritius and Réunion. This was an incredible experience as we continue to grow in our own missions journey. Together, we worshipped in local churches, experienced the beauty of the islands, and witnessed God move in the hearts of both the local people and the young people who came to serve. It was a powerful reminder that missions changes everyone it touches.

We've been blessed with many special moments this July, including a wonderful Men's Conference and the joy of attending our first Malagasy wedding. Looking ahead, August will be filled with exciting ministry opportunities as we prepare for the Indian Ocean Islands (IOI) Conference in Mauritius as well as the Malagasy General Conference. Last year's conference in Madagascar welcomed around 65,000 attendees, and we're praying for an even greater outpouring of God's Spirit and an even larger harvest this year.
