GSM-EYC

This month was EYC, and GSM had the opportunity to help oversee the evangelism portion of the event. It was absolutely beautiful to see the young people stepping out of their comfort zones, singing on the streets, and preaching the gospel.

There were 6-7 guests who visited the service as a by-product of the evangelism, and they were connected to the local churches in Italy. Many testimonies were received, including young people being inspired to evangelize their cities and get involved with GSM. We also had the opportunity to set up a booth, which was very successful.

MOVE TO SEVILLA

When praying about what my next step should be after my time in Madrid, the Lord opened up the opportunity for me to go and help the missionaries in Seville. It is a very new work, but it is growing. I have agreed to help with the youth and worship team.
