AUGUST 2026

Dear Supporters,

What a first month we had in Ecuador! We hit the ground running, helping in the central church and attending the SA General Conference.

August 2026 By Lorinda Litke

What a Month It's Been!

SA General Conference

This girl came out of her wheelchair at the SA General Conference! There were over 20K people in attendance, and the Lord moved in an incredible way!

Bible School

We were able to greet the Bible School students at the central location in Quito.

Ariana

Ariana definitely hit the ground running in Ecuador! She played piano at the SA General Conference with the band from the central church. She's playing and singing weekly and even played for a submission for a song-writing contest for IPUIE Youth Conference!

Ashton and Easton

Ashton and Easton are adjusting well. They are learning to ride public transport, doing lots of parkour in the parks, and making friends with the pastor's sons.

Thank you for your continued support!
