Alwardt's in Aberdeen

September was filled with so many great things! We had two Bible study nights in our home. The first was with a family of four, and the second included a mother and her son, along with a young college student from Bangladesh. If you have been journeying with us through our newsletters, you may remember this young woman whom we met in April and have continued meeting with regularly in our home. That night, she held a Bible in her hands for the first time in her life. Both women opened up during our time together and expressed how thankful they were to be there. We served American chili soup, which was quite the fascinating meal for them! Although we were sad that, due to timing, we were not able to meet again, we celebrate the seeds that have been sown and believe there is a harvest coming to Aberdeen.

We met with so many people during these final weeks that it is truly amazing to look back and consider all that God has allowed to happen over the past 12 months. We gained additional connections with people who have asked us to stay in touch and keep them updated on our travels, as well as people who are eager to connect with the Cletheroe family, who will be arriving in Aberdeen soon!

We also had several meetings with community leaders who are longing to see something supernatural happen in Aberdeen. We believe that God sees those who are hungry for Him, and we are praying that He will pour out His Spirit in a mighty way.

Saying Goodbye to Friends

1 Kings 18:41 And Elijah said unto Ahab, Get thee up, eat and drink; for [there is] a sound of abundance of rain.

We also had the opportunity to spend time with a family from China who had no knowledge of God. For one of our final playdates and goodbyes, we went together to the beach. The wife had always wanted to see a dolphin, so we took them to a pier we had visited before where we had seen dolphins. We really weren't sure what we would find, as fall had strongly set in and the dolphins are not nearly as active in the colder waters. Yet that day, she was able to see a couple of dolphins! The squeal of delight and excitement as she pointed them out to her daughter was such a touching moment. Seeing the joy that God's creation brought her was something we will not forget.

Dolphin Sighting with Friends

They kept telling us how "lucky" we were, but we knew it had nothing to do with luck. We didn't bring the dolphins, but we were grateful that God allowed us to be there in that moment and that our witness could be meaningful to their family. It was a simple moment, but one we pray will stay with them and remind them of the God who created it all.

Our final week was filled with many farewells, wrapping up our apartment, and completing our final doctor visits before heading back to the United States. We are grateful to announce that God has blessed our family with another little one, due in February 2027! God is a great God!

Leaving Aberdeen

As we return to the States, our plan is to raise the funds needed to return to Aberdeen and help connect the Cletheroe's with the relationships we have built, while continuing to assist them as they work in the city.

Above all, we trust that God's timing and will will be accomplished. Thank you for your prayers, financial support, encouragement, and every message you sent during our time in Aberdeen, Scotland. You have made a difference!
