Chile CMI Launch Service

One of the ministries I have been blessed to serve in during my time in South America is Global Student Ministries. This month, I had the privilege to travel to Concepción, Chile to preach at their CMI national launch event.

The goal of this event was to educate the Chilean youth on what Campus Ministry is about, and to inspire them to get involved. The event featured praise and worship, roundtables from national leaders, and the preached word of God. We saw many young people make commitments to reach their students with the gospel and we rejoice over **1 person who received the gift of the Holy Spirit** during the event.

Regional Events in Uruguay

This month, I also had the pleasure of being involved in the annual southern region youth rally in Uruguay. The theme of this year's rally was, "Escogidos" which translates to "Chosen ones".

I was blessed to form part of the worship team and play keys for the event. This was a challenge as I was not used to playing the "Merengue" style of worship, but I enjoyed learning it. The event was a great success as many came together from across the country to worship God.

One week later, I had the opportunity to preach the southern region general conference in Uruguay. After some productive meetings in the afternoon with regional pastors, we had a powerful service in the evening with multiple congregations present.

Ye are the light of the world. A city that is set on an hill cannot be hid.

Matthew 5:14
