

- The main entrance to HOME is very well protected by a fortified gate. God has displayed His greatness in even this detail. It provides protection and tranquility for the children living here.

- The School provides a unique learning environment for each child. Through God's blessings, Individualized, Hands-On Curriculum is supplied for everyone. But the most important lesson taught is the love of God each teacher shares by the anointing of God. I am blessed to be a part of this beautiful work.

- I cannot express how needful Monthly Donations are. Not only do they help support every individual here, but also their educational developments, living, and most of all, their spiritual growth in Jesus Christ. Thank you for your Monthly Donations!!!

- The volcano that is close to H.O.M.E. displays God's power. This majestic sight causes one to feel thankful for His love and care for He alone is in control!

- All of the people who work here are blessed with a welcoming spirit. I feel right at home. Even though my Spanish is not up to par, they are very helpful and patient with me. God has truly blessed and in turn the children are very blessed. Thank you Jesus.
