AIM CHILE MONTH 3

September 18 is Chile's independence day! I spent a few days in a city called Viña del Mar to enjoy the celebrations. We had an asado, or a cookout, with tons and tons of different meats and traditional dishes.

During the last month, we had many evangelism outings connecting with the community. We also have established preaching points in two different rehabilitation centers.

The first weekend of October, the pastors of the church I worked with took me out for a day in the city. We used 5 different modes of transportation on our adventure of sight seeing. I had a blast with them, and we made many memories.

Looking out over the capital city always makes me emotional. When you see the entire city at once, you can't begin to imagine all of the needs represented. Praise God for what work has been done, but there is still much to do.

Praise report!! During service on October 4 we had 4 baptisms! After 2 months of sowing without seeing many results, this was an increible moment for the church.

Victory part 2! The very next service, October 11, we had 2 more baptisms! The number of baptisms for the entire year was doubled in only two weeks.

IPU BET-EL

We held our last instrument lesson on October 17. Over the last 3 months I held drums and piano lessons for the youth in the church. One of the young ladies in particular took very well to the drums. She ended up learning two full songs, how to map a song, and how to pick out the drum part within a song.

This is a photo of one of several mudslides that took place the last two weeks of my trip. Due to sudden and excessive rainfall in the capital city, At least 6 were injured and many were stranded without power or water for some days.

The El Niño weather event has seriously impacted the country of Chile in the last month. Pray for:

- God to protect all those in the affected areas
- The strange weather phenomena to turn people to the Lord

PRAYER POINTS

As I transition back to the States, please continue to cover me in prayer

- Prayer for direction and guidance
- Prayer for doors to a job and work to open up

- Continue praying for the advancement and multiplication of the church in Chile
- Pray for spiritual maturation of the new converts
- Pray for those who were recently baptized to also be filled with the Holy Ghost
