BRAD AND LORINDA LITKE-AMP ECUADOR OCTOBER 2026

A PURPOSE -DRIVEN OCTOBER

October has been another busy month with ministry. We finally feel like we are doing what we were called to do here in South America. In a nationalized work, our purpose is to support the works, to teach, to train, and to be an encouragement to the church, as Paul did in his later ministry as an apostle.

Thanks be to God for many opportunities to fulfill this God-given purpose to point people to Jesus and make a difference in their lives.

This month, we visited several smaller churches, anywhere between 2-4 hours outside of the city. We preached and taught for events such as a grand opening of a church, a sectional event, and leadership training for a smaller district. Lorinda taught several ladies events this month as well. At the central church, Lorinda and Brad took turns preaching the pastor appreciation services and had the opportunity to pray over the pastor's family. Praying over the people and the church leaders has been such a blessing to them and to us. We love being able to support them in this way, so that they can in turn have the strength to be a blessing to their people and their communities. (to the left is a picture of a young couple that we prayed with that started a church in a small community 3 years ago. They are praying to be able to buy land and build a church. They are having church in a tiny living room at this time.)

We met with the general board to meet the pastors and request permission to extend our stay so that we could pass through immigration here in Ecuador. As it was, if we stayed one day over 6 months, it would cost us thousands of dollars. Thankfully, they approved it with a 100% vote.

Lunch, anyone? This was our lunch at the church grand opening in San Cristobal-Chancho and Cuye (Pork and Guinea Pig)

Praying over the Pastor and his family at the central church.

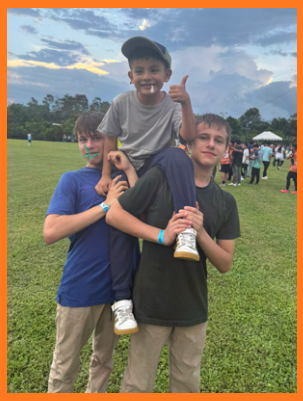

Some of the beautiful people we've had the privilege of meeting.

Ariana has been working hard with the music team at the central church, while the twins have converted the central church pastor's youngest son into their lil' bro.

Meanwhile, back in Peru.....Lorinda is teaching a virtual music class for the National Bible School-IBAP. It's a 3 hour live class each week with 39 students, mostly pastors.

Thank you for your continued support! God bless you all!
